Dear Mr. Clarke,

Enclosed herewith is a draft of the report of the Working Parties. The full Commission has been advised of the general conclusions of the Group as summarised in the enclosed draft, which it has noted at this stage pending any comments which members of the Working Parties may wish to make.

Copies of the Appendix material have already been made available to members with the exception of the brief "Notes" of the third meeting; copies of which are included herewith.

I would be grateful for early advice should you consider that any amendments ought to be made.

Yours faithfully,

G. P. Webber
