Dear Mr. Clarke,

On behalf of the Commissioners may I say how delighted and grateful we are that you have accepted the invitation to join the Working Party set up to report to the Commission by 5 February, 1975, or sooner, on the objectives of a State Strategic Plan, and the resources needed to complete and present the first State Strategic Plan co-incidental with the presentation to the Minister of the Commission's Report.

It is extremely good of you to make time for this purpose.

We now know that it will be necessary for the Commission to complete its Report to the Minister about our investigation relating to town and country planning, and land use and environmental planning, by 1 August, 1975, hence the urgency with which we are preparing a State Strategic Plan.

I think you are aware that we envisage the Working Party meeting for up to one whole day on three different occasions before 5 February, 1975.

I am asking the Chairman of your Working Party, Mr. P. Standen, to let you have further information prior to the first meeting which, I believe, he will be arranging after consulting you.

Thank you again most warmly for accepting the invitation to serve on what, for us, is a Working Party of the greatest importance.

Yours sincerely,

L. L. Pownall,
CHAIRMAN
